DETAILED ACTION

The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowable over the prior art of record because the prior art of record fails to teach or fairly suggest that when the information is received at the remote device, operating the remote device to display the information to the user enabling the user to select on of the sub-list, and transmit a message to the server, the message indicating the selected sub-list, when the message is received at the server, if the number of entries in the selected sub-list is larger than a predetermined threshold, operating the server go back to step (b) above...but otherwise, if the number of entries in the selected sub-list is not larger than the predetermined threshold, operating the server to transmit further information to the remote device, and further information indicating the data items in the selected sub-list, as argued by the applicants in the response received on September 28, 2004, page 5.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
